

Hello,

We are hosting IGSMA District V Contest again this year on **Friday, March 9 and Saturday, March 10**. Contest is a very rewarding experience for all students involved and wouldn't be possible without parents' help.

If you are able to help throughout the weekend, please volunteer in as many ways as possible. The positions listed below are those that will require the most volunteers. If you can help in one of these areas, please let Mr. Versluis or Miss Abel know right away. Also, let us know which time span you prefer. We will not be able to send out student's performance times until much closer to the date, but we will work around your son or daughter's performance so that you are able to hear all of their performances.
